# Saudi Insurance Sector Q1 2016

The report depicts the performance of insurance sector in Saudi Arabia in Q1 2016. The report shows the main insurance indicators as gross written premium, net earned premium, claims incurred and net income for the sector and individual companies.

#### Research Scope:

The statistics in this reports include all the date of the listed insurance companies that are licensed to issue insurance polices in any insurance activity. However, we have excluded the following companies:

- Saudi Reinsurance Company: The company is excluded as its activity is not consistent with the remaining listed insurance companies as the company operates in reinsurance activity only.
- Weqaya Takaful Insurance and Reinsurance Co.: The exclusion was due to lack of company's data as the company did not announce its financials for Q1 2016.

Thus, the number of companies under coverage in this report totaled 33 companies out of 35 listed companies.

### **Executive Summary**

- In Q1 2016, gross written premiums in Saudi Arabia progressed by 10.4% over Q1 2016 coming in at SAR 11.3 billion (USD 3.0 billion) shifting from SAR 10.2 billion (USD 2.7 billion) in Q1 2015 driven by the acceleration of the growth in vehicle insurance with its gross premiums surging 25.8%.
- Insurance density stood at SAR 1,469 (USD 392) per capita in Q1 2016 compared to SAR 1,331 (USD 355) per capita in Q1 2015 edging up 10.4%.
- The claims ratio at the end of Q1 2016 fell to 77.7% compared to 82.9% in Q1 2015 slipping 521 bps.
- Consolidated profit of the insurers reached SAR 351 million by the end of Q1 2016 compared to SAR 23 million in Q1 2015. It is worth mentioning that 27 companies in the insurance sector made profits while 6 companies suffered losses in Q1 2016.
- The return on equity ratio surged to 10.0% in Q1 2016 versus 8.1% in Q1 2015 while return on assets stood at 2.3%. Net earned premiums to equity ratio posted 222% in Q1 2016 compared to 215% in Q1 2015. Finally, the equity to total assets improved to 22.7% in Q1 2016 compared to 21.0% in the comparable period of last year.
- SAMA issued "Insurance Consumer Protection Principles" in mid 2014 effective in September 2014. The principles reflected on consumer rights protection through standardizing the relationship between insurers and consumers.

#### Insurance Sector Quarterly Evolution with Growth Rates (SAR million)

### Sector Overview

The Saudi insurance market grew 10.4% in Q1 2016 versus Q1 2015 hitting SAR 11.3 billion (USD 3.0 billion)<sup>(1)</sup> driven by the growth in health and vehicle insurance segments which contributed 86% of the market.

Insurance penetration hit 1.85% of nominal GDP up from 1.67% in Q1 2016 triggered by the growth in gross premiums written and the 13.3% decrease in nominal GDP in 2015 on lower oil prices. Compared to nominal non-oil GDP, the penetration rate reached 2.6% in Q1 2016 up from 2.4% in Q1 2015.

Insurance density stood at SAR 1,469 (USD 392) per capita in Q1 2016 compared to SAR 1,331 (USD 355) per capita in Q1 2015 edging up 10.4%.

In Q1 2016, the number of insurance and reinsurance companies licensed in the Saudi market reached 35 companies\*, 33 of them<sup>(2)</sup> are operating in at least one of the three main insurance line, namely general insurance, health insurance as well as protection and savings insurance. General insurance encompasses seven sub-activities: vehicles, marine, aviation, energy, engineering, accident and responsibilities, and finally property and fire insurance.

Out of 33 running companies, 26 are providing health insurance services, 27 companies are licensed in general insurance and 10 companies for providing protection and saving services. Moreover, there are other players in the insurance market such as: 80 insurance brokers, 84 insurance agents, 2 actuarial services providers<sup>(3)</sup>, 15 loss assessors and loss adjustors, 10 insurance claims settlement specialists and 8 insurance advisors. Number of Insurance Licenses per Activity

	Health	General	Protection & Saving
No. of Licenses	26	27	10

Health insurance fortified its position as the largest contributor to insurance market in 2015 augmenting its market share by 46 basis points (bps) to 53.32% of total GWP. Vehicle insurance posted a 28.89% market share in 2015 rising 210 bps, while general insurance share contracted 238 bps to 15.23%. Furthermore, the share of saving and protection segment shrank 18 bps to 2.57% by the end of 2015.

The growth and risk factors of insurance activities vary according to the type of insurance, competition as well as market growth. The market is pushed by mandatory insurance lines, however some regulations may stimulate other insurance lines. Accordingly, we believe the following factors to drive the sector in 2016:

- The Saudi Monetary Agency (SAMA) the regulator of insurance market in Saudi Arabia– issued three new regulations: "Surplus Distribution Policy", "Insurance Corporate Governing Policy" and "Audit Committee Regulation in Insurance and/or Reinsurance Companies". It is expected that regulations will promote credibility in pricing and governance and enhances policy holders rights. On the side of consumer protection, SAMA issued "Insurance Consumer Protection Principles" in mid 2014 effective in September 2014. The principles reflected on consumer rights protection through standardizing the relationship between insurers and consumers.
- The Council Of Cooperative Health Insurance is the main driver for increasing demand for compulsory health insurance. The total number of health insurance policy holders reached 11 million by the end of 2015. Saudis constitute 30% (3.1 million) of total policyholders versus 70% for foreigners (7.9 million) through 26 health insurance providers with a network of 2,567 outlets.
- The growth of the real estate finance will contribute to the growth of property, casualty and responsibilities insurance.
- low interest rates curbed the return on insurance investments in the past years, however in the aftermath of the interest increase in December 2015, the return on the
  investments of the sector is expected to ameliorate in 2016.
- We believe growth potentials of insurance industry in Saudi Arabia will stimulate GCC insurers to try to build a presence in the market.
- Health insurance kept its position as the biggest insurance segment in Q1 2016 increasing its share of total insurance market to 48%. Vehicle insurance pushed its share by 462 bps constituting 37.7% of total market while general insurance posted a shrinkage of 407 bps contributing 11.8% of total market. Saving and protection segment stabilized at 2.57% of total market in Q1 2016.

### Segment Market Share Breakdown - Q1 2016

(1) Gross written premiums for all listed insurance companies excluding Saudi Re company.

- (2) After banning Sanad and Weqaya from issuing new policies.
- (3) The actuarial specialist is the person who applies the principles of statistics and probabilities which are important factors for policies pricings where liabilities and provisions are constructed upon.

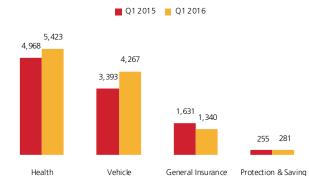

### Sector Overview

In Q1 2016, gross written premiums in Saudi Arabia progressed by 10.4% over Q1 2015 coming in at SAR 11.3 billion (USD 3.0 billion) shifting from SAR 10.2 billion (USD 2.7 billion) in Q1 2015 driven by the acceleration of the growth in vehicle insurance with its gross premiums surging 25.8% to SAR 4.3 billion (USD 1.1 billion) compared to SAR 3.4 billion (USD 0.9 billion) in Q1 2015 triggered by re-pricing of vehicle insurance policies, while health insurance premiums posted SAR 5.4 billion (USD 1.4 billion) versus SAR 5.0 billion (USD 1.3 billion) in Q1 2015. General insurance tumbled 17.8% in Q1 2016 posting SAR 1.3 billion (USD 0.3 billion) versus SAR 1.6 billion (USD 0.4 billion). As for protection and savings insurance, the figure surged 10.1% to SAR 281 million (USD 75 million) compared to SAR 255 million (USD 68 million) in Q1 2015.

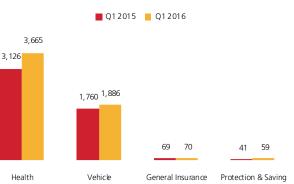

In terms of net written premiums, the figure ascended 9.2% over Q1 2015 hitting SAR 9.2 billion (USD 2.5 billion) by the end of Q1 2016. The retention ratio slumped by 86 bps posting 81.2% versus 82.0% in Q1 2015 as the retention ratio of vehicle insurance were shifted down by 1186 and 80.7% versus 92.6% in Q1 2015. Retention ratio of health and general insurance surged to 97.6% and 24.0%, respectively

The growth in net earned premiums nudged up 21.3% posting SAR 7.3 billion (USD 1.9 billion), while net earned premiums for health insurance skyrocketed 22.9% to SAR 4.6 billion (USD 1.2 billion). Vehicle insurance mounted 19.1% posting SAR 2.3 billion (USD 0.6 billion). General insurance surged 14.6% to SAR 277 million (USD 73 million) while saving and protection segment tumbled 1.6% posting SAR 117 million (USD 31 million).

On the other hand, claims totaled SAR 5.0 billion (USD 1.3 billion) in Q1 2016 while net claims incurred mushroomed 17% to SAR 5.9 billion (USD 1.6 billion) compared to SAR 5.1 billion (USD 1.4 billion) in Q1 2015. It is noteworthy that health insurance and vehicle insurance claims contributed 65% and 33% of aggregate net claims incurred of the market, respectively.

## Financial Assessment

Gross written premiums grew by 10.4% in Q1 2016, while the retention ratio of the sector retracted to 81.2% down 86 bps in Q1 2016 driven by the lower retention ratios for vehicle insurance tumbling by 1186 basis points to 80.7%.

The claims ratio at the end of Q1 2016 fell to 77.7% compared to 89.9% in Q1 2015 slipping 521 bps with the decrease in the ratio stemming from the growth in net premium earned faster than the pace of net claims incurred. On the other side, the expenses ratio slumped from 20.72% in Q1 2015 to 20.37% by the end of Q1 2016.

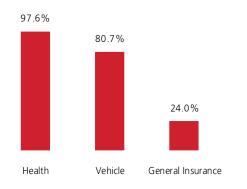

This decrease in the two ratios led to an improvement in the combined ratio by 93 bps to 95.15% by the end of Q1 2016, compared to 100% by the end of Q1 2015, which means that the sector has returned to record profitability from insurance operations. This is due to the decrease in loss ratio in Q1 2016 by 77 basis points reaching 77.7%.

## **Financial Assessment**

At the level of the assets of insurance operations, investments grew at rate of 37% while cash at banks slumped 4% to reach SAR 11.6 billion for investments and SAR 6.1 billion for cash at banks. The two items represented together 44% of total assets of insurance operations up from 41% in March 2015. Receivables increased 13% by the end of March 2016 to reach SAR 10.0 billion representing 25% of total assets increasing from 24% in March 2015. The total assets of insurance operations grew 9% YoY posting SAR 40.0 billion in Q1 2015.

For the assets of shareholders, investments surged 19% to SAR 8.8 billion. Cash at banks slumped 5% to SAR 2.6 billion. Total investments and cash at banks represented 83% of shareholders' assets down from 88% in Q1 2015. In addition, shareholders' assets grew 20% over the last year. The growth in the assets of the sector accelerated to 12% at the end of Q1 2016 versus 16.5% in Q1 2015.

Total liabilities rose 12% to SAR 53.7 billion by the end of Q1 2016 with insurance liabilities accounting for 74% of total liabilities versus 26% for shareholders' liabilities and equity.

Technical reserves mounted 8% coming in at SAR 32.7 billion representing 82% of the total insurance liabilities, which amounted to SAR 39.8 billion. On the other hand, shareholders' equity grew by 20% posting SAR 13.9 billion by the end of Q1 2015.

Consolidated profit of the insurers reached SAR 351 million by the end Q1 2016 compared to SAR 23 million in Q1 2015. It is worth mentioning that 19 companies in the insurance sector made profits while 14 companies suffered losses in 2015. Shareholders equity surged 23% posting SAR 12.0 billion.

Equity to capital ratio for 10 companies stood above 1 while 22 companies posted less than 1 in the same ratio implying that two third of the insurance companies are suffering severe losses.

Important Indicators	Q1 2015	Q1 2016	Change
Return on Equity	8.9%	10.7%	1.8%
Return on Assets	1.8%	2.4%	0.6%
NEP to Equity	233%	235%	2.0%
Equity to Total Assets	20.2%	22.3%	2.0%

May 26, 2016

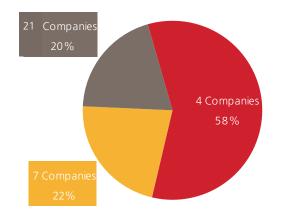

### Market Structure

The insurance sector is still remarkably concentrated as four companies seized 58% of the market size. Bupa, Tawuniyah, Medgulf and Malath constituting 21.6%, 15.0%, 10.9% and 10.5% of total insurance market in Q1 2016, respectively. Bupa and Tawuniyah shares increased 133 and 35 basis points, respectively while Medgulf shares decreased 389 bps.

Seven companies have their market shares between 2% to 5% representing a total of 22%. On the other side, 21 companies held a combined 20% of the market share with shares less than 2% each.

	Total Market Share	Q1 2015	Q1 2016
1	Bupa Arabia	20.3%	21.6%
2	Tawuniya	14.7%	15.0%

### Definitions

### Gross Premium written:

The total premiums on policies issued by an insurance company during a specific period of time regardless of what portions have been earned. Written premiums are the amount of premium charged for a policy that has already become effective.

### Net Premium written:

It is equal to gross premium written minus the amount the company allocated for reinsurance, as well as premium losses surplus.

### Net Premium Earned:

The amount of total premiums collected by an insurance company over a period that have been earned based on the ratio of the time passed on the policies to their effective life and adjusted to reinsurance. This pro-rated amount of paid-in-advance premiums have been "earned" and now belong to the insurer. It can be calculated as net premiums written minus changes in net premiums unearned.

### Net Claims Paid:

Total amount of paid liabilities for a policy over a given valuation period minus reinsurers share.

### Net Claims Incurred:

Net claims paid plus a reasonable estimate of unpaid liabilities. It is calculated by adding paid claims and unpaid claims minus the estimate of unpaid claims at the end of the prior valuation period.

#### **Retention Ratio:**

Percentage of net premium written to gross premium written.

### Claims Ratio:

Claims owed as a percentage of net premium earned.
